EDUCATION

Medi-Caps University
Bachelor of Technology in Computer Science and Engineering
CGPA: 8.6/10

Indore, Madhya Pradesh
August 2020 – July 2024

Sanskar Academy, CBSE
12th, Mathematics
Percentage: 87%

Pachore, Madhya Pradesh
April 2018 – July 2020

TECHNICAL SKILLS

Languages:	JavaScript, Java, Python, HTML, CSS, SQL
Libraries/Frameworks:	React, Redux, Nextjs, Tailwind, Shadcn, Bootstrap, Apexcharts, Nodejs, Express
Databases/ORM:	MongoDB, Mongoose, MySQL, Redis
Platforms/Tools:	Vercel, Git, GitHub Pages, Figma, Postman, NPM, Yarn, Netlify
Other:	REST API, Swagger

EXPERIENCE

Teclene Software Solutions [JavaScript, ReactJS, ApexCharts, Shadcn UI] (On-site) Indore, India
Software Development Engineer – Full time *March 2024 – Present*

- Building an IoT platform from scratch, visualizing real-time data with WebSockets in a scrum-based environment.
- Utilized Shadcn, Redux, React Query to enhance app performance with ease in state management and architecture.
- Implemented JSON parser, integrated map using Leaflet library and crafted Apexchart base wrapper components.

PROJECTS

Pocket Money Tracker [HTML, CSS, ReactJS, MongoDB, ExpressJS, NodeJS]

- Developed Pocket Money Tracker, a web application that allows for easy and comprehensive money management.
- Built transaction APIs for seamless CRUD operations and a scalable backend architecture for transaction tracking.
- Designed a user-friendly interface, ensuring a responsive and visually appealing experience across all devices.

Portfolio [Next.js, TailwindCSS]

- Implemented dynamic routing and SEO optimizations with Next.js resulting in fast loading and smooth navigation.
- Crafted a visually appealing UI design with Tailwind CSS, ensuring consistency and responsiveness across screens.
- Integrated interactive components and animations to enhance user engagement and showcase projects effectively.

Task Manager [React, TailwindCSS]

- Built a dynamic to-do task manager app using React, enabling efficient task organization and effective management
- Designed a sleek, responsive interface with Tailwind CSS, ensuring an intuitive user experience across all devices.
- Implemented state management with React hooks, enhancing performance and maintaining seamless task updates.

TRAININGS/CERTIFICATIONS

Industrial Training [Machine Learning]

Medicaps University, Indore

- Completed 6-week Data Science training at Medicaps University, focused on Python, statistics and machine learning
- Developed a project using logistic regression in machine learning to recognize MIST images with statistical analysis

Crash Course on Python

Coursera

- Mastered Python fundamentals applied in real-world projects, including loops, statements, and data structures.
- Developed and implemented Python-based machine learning models in side projects to enhance practical skills.
